

## Attendee Health Status Confirmation (COVID-19)

All individuals attending the ICTA Championships on September 18th at the Aviva Centre must confirm their health status by signing the statement below.

I understand that if I am not able to confirm any part of the below statement on September 18, 2021, I will not be permitted to participate in the day's activities.

### STATEMENT:

- I confirm that I have not been diagnosed by a health practitioner as having COVID-19 (this does not include people who have completely recovered from COVID-19 and have been symptom-free for 14 days)
- I confirm that my temperature is below 38 degrees Celsius and I am not experiencing any of the following symptoms: a new onset or worsening of a cough, shortness of breath, difficulty breathing, sore throat, hoarse voice, difficulty swallowing, loss of taste or smell, runny nose/sneezing, nasal congestion, chills, muscle aches, diarrhea, malaise, or headache. (If you do not own a thermometer, you can confirm that you do not feel feverish.)
- I confirm that I have not been asked to isolate at this time by Government authorities
- I confirm that, to the best of my knowledge, within the last 14 days, I have not been in "close contact" with anyone who has been diagnosed with COVID-19.
  - Close contact is defined by Health Canada as being within 2 metres (6 feet) of an individual with diagnosed COVID-19 for a "prolonged period of time" or having direct contact with infectious body fluids of a person with COVID-19, such as being coughed/sneezed on, without the appropriate use of recommended personal protective equipment.
  - You can use 15 minutes as a reasonable gauge for what is a prolonged period of time.
